Research Publications

Particulars of research completed projects

Sr.No.	Subject	Name of the student	Research Topic
1	Chuhan Nisjha Hitesh	HMM	To Evolve Conceptual Image of Drug Tuberculinum Through Clinical Cases,An Observational Study
2	Taro Meena Anjaram	HMM	Scope of Homoeopathy in Management of Varicose Venis: Non-Control Experimental Study
3	Sawant Vaishnavi Vasufdev	HMM	Scope of Homoeopathy in Management of Ailments From Grief with special Emphasis on ignatia and Natrum Muriaticum-An Experimental Study
4	Shah Saloni Kalpesh	HMM	Study of Ophidia Group with special Emphasis on vipera and its efficacy in varicose veine
5	Jirapure Rashmi Pankaj	HMM	Utility of Jaborandi Mother tincture (externaly) in the management of Hair falling An Experimental controlled study
6	Deepshikha Sing	HMM	Homoeopathic Management of Post -Menopausal Osteoporosis-An Experimental Non-Controlled Study
7	Sapkal Naina Dashrath	Organon	Study of Portrait of Disease and its implication in Homoeopathic Management- Hahnemannian View-An Obseravational Study
8	Nouma Ambreen Qureshi	Organon	Understanding the Kentian Approache to find out the Similimum in chronic cases-An Experimental Study
9	Patni Snehal Rajesh	Organon	Understanding the Miasmatic Approache in Management of Boils-An Experimental Study
10	Jayshree R Yadav	Organon	Utility of Concomitant Symptoms in clinical prescription in Homoeopathy-An Observational Study
11	Takale Kajal Narendrarao	Repertory	Study the Efficacy of Kent Repertory in Treatment of Benign Paroxysmal positional vertigo (BPPV) An Experimental study

Dr. Mond. Fuzan Mohd. Yusuf
DEAN/ PRINCIPAL
DKMM Homoeopathic Medical
College & Hospital, Aurangabad

12	Katha Kale	Repertory	A Scope of Kent's Repertory in the Treatment of Enteric Fever-An Experimental Study
13	Prasad Sawant	Repertory	Utility of Pathak Repertory in the treatment of Chronic Sinusitis An Experimental Study
14	Chavan Vijayshree Bharat	Repertory	Utility of Murphy's Repertory in the Management of Herpes Zoster-An Experimental Study
15	Momaya Harshita Hemant	Medicine	Scope of Homoeopathic Medicines in Management of Hypothyroidism in Females of Age Group 20-50 years-An Experimental Non Control study
16	Nagada Riddhi Kanak	Medicine	Scope of Homoeopathic in the Management of palmoplantar Psoriasis-An Experimental Non Control study
17	Am,bati Pawani Krishna	Medicine	Study of Triggering factors of Migraine and its Homoeopathic Management in Females of 10-55 years of Age-An Experimental Non controlled study
18	Sanklecha Gaourav Sanjay	Medicine	Study the Efficacy of Homoeopathic Management in Tendinopathy-An Experimental non controlled study
19	Lekha Lavakumar	Medicine	To Study the homoeopathic medicine in the management of Diabetic Neuropathy-An Experimental Study
20	Agashiwala Disha Prashant	Pediatrics	Scope of Homoeopathic Medicines in Treatment of Adenoid Hypertrophy in Pediatric Age Group An Experimental non controlled study
21	Divya Mishra	Pediatrics	Scope of Homoeopathic Remedies in Treatment of Nasal Polyp of Paediatric Age Group-An Experimental Non Controlled study
22	Kansara Sagar Dilip	Pediatrics	Scope of Homoeopathic Remedies in Treatment of Dental Caries of Pediatric Age Group -An Experimental Non-Controlled study
23	Sethna Charmi Jatin	Pediatrics	Action of Medorrhinum in Treatment of Atopic Dermatitis in paediatric age group- An Experimental Control Experimental study
24	Dhapatkar Pallavi Vijay	Psychiatry	Study the Role of Homoeopathic Medicine in the Management of Major depressive disorder in adolescence of age group of 13 to 18 years-An experimental non control study
25	Fatakia Behnaz Zubin	Psychiatry	Exploring Homoeopathic Approach to Formulate Totality in children (6-11Years) with Deficit in social communication in Autism-An Experimental Non controlled study

 Dr. Mond. Furqan Mond. Yusuf
 DEAN/ PRINCIPAL
 DKMM Homoeopathic Medical
 College & Hospital, Aurangabad

26	Varghante Swati Yeshwant	Psychiatry	Efficacy of Homoeopathic Medicine in Management of childhood onset conduct disorder in children of age group 5-11 years-an experimental Randomized controlled study
27	Rajesh Chandrakant Mudawat	Psychiatry	Application of Psychological Factors in Arriving At Sillimum in patients of irritable Bowel Syndrome- Non controlled experimental Study
28	Naikwade Juhi Alimaoddin	Psychiatry	Efficacy of Homoeopathic Medicine in Management of dyslexia in children of age group 6-15 years-an experimental Randomized controlled study
29	Pawar Sanika Sanjay	Pharmacy	Efficacy of centesimal potency and its Repetition in chronic obstructive pulmonary Disease (COPP): Non control Experimental study
30	Jibenkar Priyanka	Pharmacy	Routes of Drug Administration Through olfactory Method in Acute Febrile conditions
31	Inamdar Anjumaara	Pharmacy	Importance of Decimal Scale and its Repetition in day to day practice: Non conrollable Experimental study
32	Saudagar Tanveer Fatema	Pharmacy	Utility of LM Potency in high Grade fever-controlled study
33	Balamurugan K	Pharmacy	Efficacy of Thyroidinum 6x in management of primary Hypothyroidism in Female Age Between 21 to 55 years

 Dr. Mond. Furqan Mohd. Yusuf
 DEAN/ PRINCIPAL
 DKMM Homoeopathic Medical
 College & Hospital, Aurangabad

D.K.M.M.Homoeopathic Medical College ,Aurangabad

Research Publications

Particulars of research ongoing projects

Sr. No.	Subject	Name of the student	Research Topic
1	Patni Sayli Ashokkumae	HMM	Utility of Calcarea Carbonica in Management of polycystic ovarian syndrome(PCOS)-An experimental study
2	Khan Mohd.Tarique	HMM	Utility of Natrum Sulphuricum in Acute Allergic Rhinitis : Non-Control Experimental study
3	Yash Jay Bhatt	HMM	Efficacy of pulsatilla and silica in management of styes- An Observational study
4	Sarda Girish Rajgopal	HMM	Utility of Acid Group Medicins in management of Haemorrhoids: A non control experimental study
5	Dipti Jugalkishore Gangwani	HMM	Utility of Homoeopathic medicine Hamamelis virginica and senecio Aureus in Management of Menorrhagis- An Experimental study
6	Deshpande Riddhi Madhavrao	HMM	Utility of the Homoeopathic medicines in the carbon group in the cases of Dandruff-An Experimental study
7	Chordiya Tanmayi Abhaykumar	Organon	Understanding the Importance of Aphorism No. 153 in Acute Disease with specific Emphasis on Primary Dysmenorrhea
8	Khan Sababegam Farooque	Organon	Significance of Homoeopathy in the treatment of somatopsychic Diseases Study
10	Bestina Denny	Organon	Role of Plussing method with special Emphasis on Aphorisms 246-248 in type 2 diabetes in age group -40-65-An Experimental study
11	Gauri Prakash Bhat	Organon	To Study the role of 50millesimal potency in the Homoeopathic Management Acute Pharyngitis-An Experimental study
12	Munot Samruddhi Vijay	Organon	To study clinical Utility of Kentian approach in Management of Urinary Tract infection-An Experimental study

Dr. Mond. Furqan Mohd. Yusuf
DEAN/ PRINCIPAL
DKMM Homoeopathic Medical
College & Hospital, Aurangabad

13	Jain Gunjal Pravin	Repertory	The Scope of Murphy's Repertory in the treatment of Tinea corporis- An Experimental study
14	Medha Srivastava Kishore	Repertory	Scope of Synthesis Repertory in the Pain Management of Osteoarthritis of Knee joint-An Experimental study
15	Bhagat Samiksha Ravinda	Repertory	Scope of fever section of synthesis Repertory in treatment of fever in day to day practice-an Experimental study
16	Sonar Bhagyashree Digamber	Repertory	Scope of Synthesis Repertory in homoeopathic management of obesity in young adult age group
17	Shaikh Sima Anjum	Repertory	Study the use of Murphy's Repertoery in Homoeopathic Treatment of irritable Bowel syndrome-An observational study
18	Malde Pooja Prakash	Medicine	An Experimental non controlled study on food induced urticaria and its homoeopathic management
19	Mehta Surbhi Mithalal	Medicine	An Experimental study of PCOS induced infertility and its homoeopathic management
20	Mehta Anchal Sanjay	Medicine	Efficacy of Homoeopathic Medicines in cases of cyanocobalamin difficiency ,an experimental study
21	Timbadiya Rishabh Manosj	Medicine	An Experimental study ob improving Throbocytopenia in dengue fever by using carica papaya mother tincture as an juvent to the indicated constitutonal remedy
22	Sistu Satwik	Medicine	Treating Renal Calculi in Homoeopathy with Special Emphasis on ocimum canum (Mother Tincure)-A Randomised control study
23	Shah Hinal Pankaj	Medicine	Study the effects of homoeopathic Medicine on tina unguium in 20-50 year age group -An experimental study
24	Parab Gaurita Baklvant	Pediatrics	Scope of Homoeopathy urticaria in pediatric age group- An experimental Non Control study
25	Pillai Lakshmi Radhakishan	Pediatrics	Scope of Homoeopathy in Recurrent Aphthous Ulcers in paediatrics age group- An Experimental non control study
26	Devkar Smruti Mansing	Pediatrics	Scope of constitutional medicine in treatment of molluscum contagiosum non control study
27	Pazyai Rishika Joy	Pediatrics	Effect of Homoeopathy on pain intensity ,Quality of Life & school absenteeism in teenage girls with prtimary Dysmenorrhea: A Non Controlled experimental study
28	Zeba Abdulrahim	Psychiatry	Exploring Psychodynamics of Abnormal Behaviour and it's Homoeopathic approach in adult age group

Dr. Mohd. Farqan Mohd. Yusuf
DEAN/ PRINCIPAL
 DKMM Homoeopathic Medical
 College & Hospital, Aurangabad

	Shaikh		of 18-35 years-An observational study
29	Gupta Komal Rajesh	Psychiatry	Role of Defense Mechanisms in Female Patients suffering from mood disorders in age group of 20-45 years and Arriving at it's Homoeopathic siltimum an observational study
30	Khushboo Muni	Psychiatry	Role of Homoeopathic Medicine and its miasmatic correlation in the management of Anxiety Disorders in age group 5-13 years-an experimental study
31	Dipali Hiteshbhai Solanki	Psychiatry	Utility of Homoeopathic Medicines in management of panic Disorder in age group of 20 to 45 years with the help of psychotherapy as an ancillary mode-an experimental Randomized controlled trial
32	Palak Inder Kaselwal	Psychiatry	utility of Homoeopathic Medicines and miasmatic correlation,in the management of depression,age group 60 to 75 years old,an experimental study
33	Shighvi Meenakshi Anil	Psychiatry	Correlating stress-Diathesis model with concept of Homoeopathic causation in generalized Anxiety disorder in adulthood age group 25 to 55 years-An observational discriptive study
34`	Gupta Keshav Nandlal	Pharmacy	Drug Action of Belladonna's active principle-An Experimental study
35	Mundada Shruti Vitthaldas	Pharmacy	clinical Assesment of phrmacodynamic Action of Syzygium jambolanum in management of Non-insulin Dependant Diabetes mellitus-an experimental Randomised controlled trial
36	Shaikh Jabeen Fatema	Pharmacy	Drug Action of Active Principle of Opuim 30 in insomnia-An Experimental study
37	Swati Jalinder Chandanshiv	Pharmacy	Utility of calendula Lotion in the management of Aphthous ulcer with Adjuvant constitutional Medicine An Experimental study
38	Pathak Ketki Mangal	Pharmacy	To study the Application of Homoeopathic Potency 200 in castroc sophagialreflux disease-an experimental study
39	Shaikh Imran Yunus	Pharmacy	Utility of Nux vomica 6x in management of peptic ulcer An Experimental study
