58. What is common name of Aloes Soc and family?
59. What is ratio and symbol of decimal and centesimal scale?
60. A.H.P was published in which year and by whom?

**Q2) write any 4 out of 6 (5M each)**

1. Impondribilia
2. 10 examples of animal kingdom
3. Difference between Pharmacopoeia and Pharmacy.
4. General rules of collection of animal kingdom.
5. British Hom. Pharmacopoeia.
6. Preservation of potentised medicine.
7. Sarcodes with 10 examples
8. Collection of nosodes
9. Microscopic evaluation
10. Pharmacognosy and Pharmacodynamics
11. Standardization of Mother Tincture
12. Volumes of H.P.I
13. 10 examples of mineral kingdom
14. Collections of poisons
15. Preservation of drugs
16. Indian Hom. Pharmacopoeia
17. Pharmacodynamics
18. Biological evaluation of drugs
19. Collection of mineral kingdom
20. Preservation of mother tincture
21. Define pharmacopoeia and its types
22. Standard of finished products
23. 10 examples of vegetable kingdom
24. Polycrest remedy and complimentary medicine

**Q3) Write any 4 out of 6**

1. Filtration and its uses
2. Preparation of ointment and its uses
3. Succussion in centesimal scale
4. Hydrometer and spatula
5. Cleansing of bottles
6. Jumping potency

7. Decantation and its uses
8. Preparation of lotion and its uses
9. 50 millisimal scale potency
10. Class 3 (preparation of Mother Tincture)
11. Types of Mortar Pestle and its uses
12. Medication of globules
13. Method of sublimation and its uses
14. Preparation of Glycerol and its uses
15. Centesimal scale potency
16. Water bath and its uses
17. Classification of vehicles
18. Cleaning of bottles
19. Method of sublimation and its uses
20. Preparation of Glycerol and its uses
21. Centesimal scale potency
22. Water bath and its uses
23. Classification of vehicles
24. Cleaning of bottles

**Q4) write any 2 out of 4 (10M each)**

1. What is prescription writing and parts of prescription writing?
2. What is scope Hom. Pharmacy in relation to Materia Medica?
3. What is originality and speciality of Hom. Pharmacy?
4. Preservation of Mother Tincture.
5. Scope of Pharmacy in relation to Organon of Medicine
6. Types of doses
7. Methods of dispensing Mother Tincture
8. Drug inspector
9. What is prescription writing and what are its parts?
10. What are the factors responsible for selection of potency?
11. What is originality and speciality of Hom. Pharmacy?
12. Labelling and packing of Hom. Medicines
13. Define posology. What are the types of doses?
14. What is the scope of Pharmacy in relation to National Economy?
15. Scales of Hom. Medicine
16. Define prescription writing. What are the norms and forms of prescription writing?

**Q5) write any 1 out of 3 (20M each)**

1. What are sources of drugs and write in detail about veg. kingdom
  - a) Types 5 mks
  - b) Definition 5 mks
  - c) Different parts 5 mks
  - d) Examples 5 mks
2. Define Mother Tincture in detail about new methods of preparation of Mother Tincture
  - a) Definition 5 mks
  - b) Methods 5 mks
  - c) Methods 5 mks
  - d) Preparation 5 mks
3. Write in detail about alcohol
  - a) Preparation 5 mks
  - b) Properties 5 mks

- c) Uses 5 mks
- d) Impurities 5 mks

4. Define drug proving qualities of prover, methods of conducting drug proving and day book

- a) Definition 5 mks
- b) Qualities of prover 5 mks
- c) Methods 5 mks
- d) Day book 5 mks

5. Define potentiation, methods of potentiation. Write in detail about trituration in centesimal scale

- a) Definition 5 mks
- b) Methods 5 mks
- c) Preparation 5 mks
- d) Procedure 5 mks

6. Define standardization and methods of standardization

- a) Definition 5 mks
- b) Methods 5 mks
- c) Methods 5 mks
- d) Methods 5 mks

What are the sources of drugs? Write in detail about Nosodes and Sarcodes

- e) Definition 5 mks
- f) Types 5 mks
- g) Nosodes 5 mks
- h) Sarcodes 5 mks

7. What is Mother Tincture? What are methods of preparation of Mother Tincture? Write in detail about old method of preparation of Mother Tincture from Class I to IV

- a) Definition 5 mks
- b) Class I and II 5 mks
- c) Class III and IV 5 mks
- d) Potentiation 5 mks

8. What is vehicle? Write in detail about distilled water

- a) Definition 5 mks
- b) Preparation 5 mks
- c) Properties 5 mks
- d) Uses 5 mks

9. What are the different sources of Hom. Drugs? Describe vegetable and animal sources in detail

- a) Definition
- b) Types
- c) Animal kingdom
- d) Vegetable kingdom

10. Write in detail about the preparation of mother tincture by old method from class VII to IX

- a) Definition
- b) Class VII
- c) Class VIII
- d) Class IX

11. What is standardization? Mention in short different methods of standardization. Discuss various parameters used to standardize mother tincture

- a) Method
- b) Method
- c) Parameter
- d) Parameter
